

ANTONIS ANTONAS

< FULL STACK SOFTWARE ENGINEER />

antonas.ant@gmail.com | [+34664217010](tel:+34664217010) | linkedin.com/in/aantonas

TECHNICAL SKILLS

Advanced

Java • Spring Boot • jOOQ • TypeScript
JavaScript • HTML • JUnit • Linux
Swagger • Git • SQL • CSS • REST API
Bootstrap • cURL • Robot Framework
npm • ESLint • Jira • Confluence

Intermediate

Angular • Vue • React • Python • Jest
Docker • Maven • Node.js • Gradle
MQ • MongoDB • PHP • jQuery
Elasticsearch • GraphQL • Apache
Jenkins • Sass • Selenium • Cucumber
Pandas • scikit-learn

COURSES

Vue JS Essentials with Vuex and Vue Router

Udemy [2023]

REST APIs with Flask and Python

Udemy [2023]

React: The Complete Guide

Udemy [2022]

The Complete Web Developer 2.0

Udemy [2019]

LANGUAGES

Greek – Native speaker

English – Fluent

Spanish – Intermediate

German – Basic

HOBBIES

Guitar • Video & board games • Music
Traveling • Swimming • Painting

WORK EXPERIENCE

Senior Software Developer @ Gofore, Spain

[Apr 2023 – Present]

- Designed and implemented a database schema to support a large-scale, complex new feature, ensuring efficiency and scalability.
- Orchestrated the migration of an obsolete microservice while optimizing the architecture to significantly reduce the number of backend calls.
- Contributed to the conceptualization, architecture, and infrastructure development of an early-stage internal product.

Software Engineer @ ADP, Czech Republic

[May 2021 – Feb 2023]

- Enabled self-service support for thousands of end users by exposing REST API endpoints on the backend and building reusable components on the frontend.
- Utilized machine learning techniques to analyze user behavior and generate personalized recommendations, resulting in a smoother user experience.
- Introduced best practices, automated code formatting and fixing, and updated the branching strategy to improve the developer experience.
- Led the onboarding and mentoring of new engineers in addition to serving as backup for the lead engineer.

Application Developer @ ADP, Czech Republic

[Jul 2018 – Apr 2021]

- Developed a user-friendly interface to enhance the technician experience by abstracting and converging multiple ticketing and knowledge base systems.
- Reduced manual testing time by more than 10 hours per month by implementing an automated testing suite that covered the most common user flows.
- Reworked the core of the proprietary intranet framework to use routes for exposing new REST API endpoints, bringing it in line with current industry practices.

IT Operations Control Specialist @ ADP, Czech Republic

[Feb 2017 – Jun 2018]

- Created a custom web application for managing shift schedules and enabling teams to interact with tickets and send emails that saved hundreds of hours per month.

Network Engineer @ Hutchinson Networks, United Kingdom

[Jul 2015 – Jun 2016]

NOC Engineer @ Hutchinson Networks, United Kingdom

[Oct 2014 – Jun 2015]

Research Fellow @ Pasiphae, Greece

[May 2009 – Dec 2013]

EDUCATION

MSc in Computing @ Edinburgh Napier University, United Kingdom

[2015]

BSc in Applied Informatics and Multimedia @ TEI of Crete, Greece

[2013]
